Portable

Patent Pending

Completely portable – Allows placement at point of use

Complete Compressed Air Treatment Centers

- CT series desiccant air dryers remove water vapor from the compressed air down to a dew point of -40° F
- Quick change 10 lb. desiccant cartridge bag is made of a special fiber media which removes oil aerosols and solid particles down to .01 microns – meaning no need for coalescing or final filters

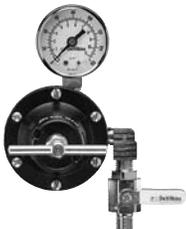

For complete parts breakdown please see page 62
